

Curriculum vitae

Name: Dr. Tomoaki Matsuura

Address: Department of Biotechnology, Division of Advanced Science and Biotechnology, Graduate School of Engineering, Osaka University.2-1, Yamadaoka, Suita, Osaka 565-0871, Japan

Telephone: +81-(0)6-6879-4172

Fax: +81-(0)6-6879-7428

E-mail: matsuura_tomoaki@bio.eng.osaka-u.ac.jp

Date of birth: 25 Nov, 1971 in Hiroshima, Japan

Nationality: Japanese

Marital status: Married, three children

Education:

April/1996-March/1999	Osaka University, Japan, Ph.D in Biotechnology Research topic: “Evolutionary Molecular Engineering Based on the Structure of Fitness Landscape”, with Prof. Itaru Urabe
April/1994-March/1996	Osaka University, Japan, M.Sc. in Biotechnology
April/1991-March/1994	Osaka University, Japan, B.Sc. in Biotechnology

Research carrier

June/2010-present	Associate Professor; Laboratory of Professor Hajime Watanabe, Department of Biotechnology, Osaka University
Jan/2007-May/2010	Specialy Appointed Associate Professor, Laboratory of Professor Tetsuya Yomo, Department of Bioinformatic Engineering, Osaka University
Feb/2003-Dec/2006	Assistant Professor, Laboratory of Professor Itaru Urabe, Department of Biotechnology, Osaka University
May/1999-Jan/2003	Postdoctoral Associate, Laboratory of Professor Andreas Plückthun, Universität Zürich
